A grayscale photograph showing a person's hands and feet operating a manual tile cutter. The person is wearing dark shoes and socks. The tile cutter is a long, metal tool with a handle and a cutting wheel. It is positioned over a large, light-colored rectangular tile on a tiled floor. The person's hands are on the handle, and one foot is on the base of the cutter. The background is a tiled floor with a grid pattern.

TILE CUTTING EQUIPMENT

Roberts
Designs

For many domestic and commercial tradies across Australia, Roberts Designs has been the go-to supplier for professional products since 1998. We are continually innovating our range, aiming to make achieving the perfect finish easy.

For the professional

High quality flooring, sealing products, tools and accessories for the perfect finish, every time.

Tools for success

From silicone, to tiling accessories, drill bits and diamond cutting blades, the Roberts Designs range makes your job easier, allowing you to complete projects you can be proud of.

High standards

All Roberts Designs' products are of a professional standard and lead the industry in quality and functionality.
